System Leader Regional Collaborations 2024-2025

Overview

LDOE will host regional collaborations with system leaders during 2024-2025. The purpose of these sessions is to facilitate collaboration between LDOE and system level leaders to provide support around continuous improvement and engage in reflection and planning that result in increased academic outcomes. These targeted sessions will address the statewide teaching and learning strategy including designing instructional program coherence for students, building leadership capacity at the school level, and ensuring system coherence.

These half day afternoon collaborations occur from 1:00 p.m. to 4:30 p.m. in five regions across the state. These collaborations will follow the schedule and be held in the same venues as School Support Institutes.
