Why the CTE Leadership Academy Matters

CTE Leadership Academy Applications

Step 2: March	Engage in webinars with current Academy cohort members. Then complete an expanded online application to indicate which aspects of the training curriculum your district or school will benefit from the most, and why / how.

Cohort 2 in-person training begins July 2019

All Expenses Paid

The CTE Leadership Academy in-person, intensive two-year training sessions will be all-expenses-paid for K-12 educators.

Travel, hotel and meal expenses for attendees will be paid for with NSFY grant funds.

Districts, charter schools and employers will be asked to allow participants to attend these training sessions as part of their normal work responsibilities.

(When appropriate, schools will be reimbursed for substitute teachers required during the November in-person training session)

CTE Leadership Academy Vision

- Our vision: the CTE Leadership Academy will always be a “full scholarship” opportunity for in-person training participants; part of a national network of CTE Leadership Academies that result in:
    - *a graduate degree*
    - *enhanced stature for CTE leaders*
