WHAT ARE PRACTICE TESTS?

This year, students in grades 3-11 may take practice tests in English language arts (ELA), mathematics, and social studies to help prepare them for the LEAP 2025 statewide tests administered towards the end of the school year.

Practice tests allow students to:
- become familiar with the testing format;
- practice using the online tools for computer-based tests; and
- respond to the types of questions they may answer on the LEAP 2025 tests.

Teachers use practice tests to better understand test structure and the types of questions being asked.

Practice tests may help you better understand how the test compares to classroom work, and see the types of ELA, math, and social studies questions your child should be answering in class. Talk with your child's teacher to see how he or she plans to use the practice tests as part of their lessons, and how you might help walk your child through the test at home to help familiarize him or her with the test format and features, and answer any questions he or she might have.

HOW TO ACCESS THE PRACTICE TESTS?

2018 LEAP 2025 practice tests are available for for ELA, math, and social studies in grades 3–11.
- Paper-based practice tests are available for grades 3 and 4 and are available on the Department's website at www.louisianabelieves.com/resources/library/practice-tests.
