

FLAME Parent Report Grade 7 Unit 1

To the Parent of _____

This chart is to update you on _____'s current performance in math. It includes a description of the state math standards addressed in this unit. Please review your child's performance using the **performance summary key** below. Please keep in mind that some standards are listed in multiple quarters because the expectation looks different at different points in the school year. Please reach out to your child's teacher if you have any questions or concerns. There are activities at the end of this report that you can use to continue to support your child at home.

Performance Summary Key

Beginning	Student's performance demonstrates that they are beginning to understand the standard.
Progressing	Student's performance demonstrates they are progressing toward understanding the standard.
Consistent	Student's performance demonstrates they are showing consistent understanding of the standard
