

# LOUISIANA DEPARTMENT OF EDUCATION

To: Louisiana retailers of sanitation and food supplies

From: LDOE Assistant Superintendent Jessica Baghian

Date: March 20, 2020

Re: Permission for supporters of first responders to exceed rationed amounts for basic supplies

---

This letter is to request that as a Louisiana retailer consider allowing this purchaser to exceed the rationing maximum. The bearer of this letter is providing a critical support to first responders by providing child care so they can work. However, to do so properly and safely requires that they can purchase food, paper products, and cleaning supplies needed for a group over many days.

To verify their role in providing emergency care, the bearer of this letter can provide to you:

- A copy of their state license from the Department of Education
- A copy of their Louisiana driver's license

Please reach out to [LDOECOVID19support@la.gov](mailto:LDOECOVID19support@la.gov) with any questions.
