Monthly Call Purpose

Focus: "Be Mindful, Be Present!"

• Purpose: To cultivate a viable network for state CWA's to discuss evidence based best practices and offer support amongst colleagues.

Foundation

- Building a culture of good attendance at the beginning of the school year is key.
- Absences spike in the weeks before and after winter holidays.
- Families may extend vacations outside of the holiday time frame which can contribute to absenteeism for their student.
- A few missed days can contribute to learning loss.

Foundation

- What are some actionable strategies to keep kids coming to school?
- What needs to happen to keep students engaged?
- How are we using the data we have to develop proactive interventions for at-risk students?

What Families Need to Know

- From Kindergarten to High School, missed days equate to learning loss.
- Lessons are still being taught days before breaks and right after.
- Calendars should highlight holidays and specifically state the return date.
- Procedures to notify the school of unavoidable absences.

What Schools Need to Know

- Have a plan in place to address holiday absenteeism.
- What messages will you share with students before the holidays?
- What messages will you send to families before the holidays?
- How will you send these messages?
- What incentives can you offer to students and families?

What the Community Needs to Know

Attendance is everyone's business!

Community partners can support by providing or sponsoring incentives.
