

# Zoom Meeting Preparation

- Please make sure your phone or computer is muted to minimize background noise.
  - To do this, hover over the bottom left-hand side of your screen and click “Mute.”

- Please make sure you have turned off your camera to save bandwidth and prevent any connectivity issues.
  - To do this, hover over the bottom left-hand side of your screen and click “Stop Video.”

- Please submit questions during the presentation in the “Chat” function located on the bottom of your screen.

If you require an interpreter or have other accessibility needs for future LDOE meetings, please contact [LDOEcommunications@la.gov](mailto:LDOEcommunications@la.gov).

# Safe and Healthy Schools Community of Practice Call

October 24, 2024

# Special Transportation Training Opportunity

## Register for Child Passenger Safety on School Bus Training

- School systems may register 4 participants for a session.
- School systems are asked to send one transportation administrator, special education administration, occupational therapist and physical therapist.
- Sessions are limited to 20 registrants per session and will be closed when maximum capacity is reached.
- All sessions will be held from 8 a.m. - 4 p.m.

Contact [healthyschools@la.gov](mailto:healthyschools@la.gov) for more information

# Medicaid Eligibility Matching

## Instructions to Download Medicaid Files from eScholar and locate Medicaid ID number

Only DirectMatch district authorized users can access the [eScholar](#) [DirectMatch](#) application.

District Direct Match data managers will be able to download the matched records using the instructions below.

- The download files will have Student PII, LASID, and Medicaid ID.
- Student first, last and middle name (if given), DOB, SSN (if it is available in eScholar and valid on LDH file), and gender were used in the matching criteria to provide the student Medicaid number.

Contact [healthyschools@la.gov](mailto:healthyschools@la.gov) for more information

# 2024 Louisiana Association for Health, Physical Education, Recreation, and Dance (LAHPERD) Convention

**Date:** November 6 -8, 2024

**Location:**

Crowne Plaza Hotel and Convention Center  
14728 Constitution Avenue Baton Rouge, LA 70808

[Registration](#) is currently open.

Contact [healthyschools@la.gov](mailto:healthyschools@la.gov) for more information

# School Safety Annual Report

*Per Act 334 of 2023; P. 10, lines 4-8 (Paragraph C), "The center shall provide an annual report to the governor, the State Board of Elementary and Secondary Education, the Senate Committee on Education, and the House Committee on Education regarding the status of school safety in Louisiana, the work of the center and resources identified to increase school safety."*

LCSS is committed to continued growth and support to partner agencies and schools as we look into FY25. Creating safe learning environments require a collective effort at all levels of government and within the school systems, to include students, communities and families. By continuing to work together, committed to providing the resources needed, we will exceed mission requirements and make Louisiana schools a safe place for both educators and students.

## FY24 Annual Report

Prepared for: The Louisiana Legislature  
1 May 2024

Prepared by:  
**GOHSEP**

# LCSS Trainings and Products

- Emergency notification system for teachers and anonymous reporting system for students.
- Co-hosted the 3rd Annual School Safety Summit.
- Providing presentations at the Louisiana Emergency Managers & School Resource Officers Conference.
- Partnered with Calcasieu Sheriff for I Love U Guys' Response & Reunification training.
- Grant Program for school Security enhancements
- Maintain a monthly newsletter and website for resources and information sharing.
- Stop The Bleed trainings and Bleed kit dispersal.
- National Threat Assessment Center for Train-the-Trainer certifications to local law enforcement

**GOHSEP**  
GOVERNOR'S OFFICE OF HOMELAND SECURITY

### Emergency Management Training for K-12 Campuses

11/06/2024 12PM - 4PM & 11/07/2024 8AM - 12PM

Louisiana Governor's Office of Homeland Security and Emergency Preparedness has partnered with the University of Louisiana at Lafayette to offer no-cost training and technical assistance to local education agencies and schools to enhance their ability to plan and prepare for any hazard that may impact Louisiana schools.

#### DEVELOPING/ENHANCING SCHOOL EMERGENCY OPERATIONS PLANS (EOP) WORKSHOP

- A comprehensive overview of the whole-community planning philosophy for schools
- Closing the integration gap between research and practice
- An understanding of the collaborative planning process
- The basis for a complete and comprehensive all-hazards school EOPs/IAPs.
- National & State best practices for crisis and emergency response for K-12 schools

**UL Business Building | Abdalla Hall**  
635 Cajundome Blvd, Lafayette, LA 70506

Rooms will be provided upon request for students who live more than 35 miles from ULL. Evening meals will be available upon request.

**Point of Contact**  
Louisiana Center for Safe Schools

**REGISTER TODAY!**

## Updates from LCSS

- **Purchased and dispersing bleed kits as schools complete the required trainings.**
  - Kits exceed the required components in the Principals Handbook from the Board of Elementary and Secondary Education (BESE).
  - 3 and 6 pack kits were allocated per student population (LHSAA high school class sizes converted for middle & elementary schools).
  - Three tourniquet types (SWAT-T, TMT, and CAT-T) also based on student populations and average or typical student body types and sizes.
- **LCSS renewed the emergency notification system for teachers and anonymous reporting system for students contracts.**
  - Emergency Notification – roughly 83% of all schools are compliant.
  - Anonymous Reporting – active in 600 schools, new total campuses Oct.1

## LCSS Update continued

US Secret Service to provide **Threat Assessment** trainings through the **National Threat Assessment Center** yielding **Train-the-Trainer** certifications for local Sheriff's/Deputies and School Resource Officers.

- 3 trainings with up to 100 participants each (Lafayette, New Orleans, Shreveport).
- Provides resiliency for School Safety Assessments and EOP planning engagement.
  - Sheriff's Association (LSA)
  - Police Chiefs Association
  - Louisiana Commission for Law Enforcement (LCLE)
  - Peace Officer Standards & Training (POST) Council
  - Association of School Resource Officers (LASRO) support
  - Louisiana Drug Abuse Resistance Education (DARE) Officers

## LCSS Updates continued

- **Data Call Questionnaire (School Safety Survey) 2025 for school safety reporting**
  - Planning for additional data questions and submission of attachments
  - Full participation is needed for accurate operating data to apply for federal grants in Spring of 2025.
  - Tentative launch in January & close prior to FY25 Federal and LCSS grant openings.
- **Planning for 4<sup>th</sup> Annual School Safety Summit will begin soon**
  - Structured engagement providing certification for forthcoming missions
  - Medical Emergency Planning – Cardiac Plans, AED & Stop-the-Bleed trainings, District Threat Assessment Teams, and other legislative required components.

# DHS CISA System-based Approach

Taking a **systems-based approach** to school physical security means ensuring that various security measures across a school campus work together in an integrated way, and that planning also incorporates the relevant policies and training programs that must also be in place for the entire system to function effectively.

## The Systems-Based Approach At-A-Glance:

- Understand the five core elements of school physical security
- Consider a school's specific circumstances to tailor measures
- Identify the various security layers that exist at the school
- Determine security efforts in alignment with P-PM-RR
- Engage in the school security physical planning process

**2.2 | THE SCHOOL SECURITY PHYSICAL SYSTEM: STRATEGIES AND ELEMENTS**

After taking this brief's eye view of a school's physical security system from the perspective of the broader school safety system, this section provides an overview of the physical security system. It begins by defining the physical security system and then discusses the physical security strategies and elements that contribute to the system. Table 2.2 defines these physical security strategies and provides examples of measures that contribute to achieving them.

Physical Security Strategy	Measure Definition	Examples
Detection	What are the detection capabilities of the school's physical security system?	Video surveillance, intrusion detection, door and window sensors, perimeter sensors, etc.
Delay	What are the delay capabilities of the school's physical security system?	Security doors, bullet-resistant windows, etc.
Response	What are the response capabilities of the school's physical security system?	Security personnel, law enforcement, etc.

**FIGURE 2.3 | ELEMENTS WITHIN THE SCHOOL PHYSICAL SECURITY SYSTEM**

Importantly, there is no one-size-fits-all approach to school physical security. Different combinations of detection, delay, and response capabilities will provide different levels of security benefits across different K-12 campuses and schools. An overview of these tradeoffs will come later in this brief, with efforts to ensure that there are no unintended consequences to physical security efforts. The brief ends by introducing a systems-based approach to physical security. This approach is based on the idea that physical security is not just about hardware and technology, but also about the people and processes that support it. This approach is based on the idea that physical security is not just about hardware and technology, but also about the people and processes that support it. How do these various measures interact or contribute to the overall security of the school? How do they work together to achieve the desired security objectives in place at the school?

A school's physical security system consists of a combination of five elements:

- Layout and technology
- Personnel and emergency response
- School security personnel
- Hardware and procedures
- Training, exercises, and drills

**FIGURE 2.4 - STEPS IN THE SCHOOL SECURITY PHYSICAL PLANNING PROCESS**

**STEP 1. FORM A PHYSICAL SECURITY PLANNING TEAM**  
 Identify and include relevant school staff and stakeholders, such as community organizations, local law enforcement, and families.

**STEP 2. GATHER RELEVANT LOCAL DATA**  
 Gather local data about safety incidents at schools and the consequences of such events.

**STEP 3. THREAT ANALYSIS**  
 What types of safety incidents are a concern for a school, and how likely are they to occur?

**STEP 4. VULNERABILITY ANALYSIS**  
 What safety and security measures are already in place at the school?

**STEP 5. RISK ANALYSIS**  
 What are the potential consequences of each of the identified safety incidents based on the security measures in place at the school? How do security measures reduce risk? What risk remains?

**STEP 6. CREATE A SECURITY PLAN**  
 Which of those remaining risks are a concern, and what are the most practical and effective additional safety and security measures to address them?

# Safe and Healthy School Reminders

# Cardiac Health Information for Student Athletes

ACT 421 of the 2024 legislative session now requires all student athletes and their parents to be provided information on Sudden Cardiac Emergencies and Cardiac Health.

Cardiac Health Information and the Cardiac Health Information Signature Page for parents/guardians of student athletes is now available on the Safe and Healthy Schools webpage.

# AED Registration Reminder

[R.S. 40:1137.3](#) was updated in 2023 and now requires AEDs on site at ALL school campuses. The Bureau of Emergency Management Services (BEMS) has emailed schools to register AEDs with the Bureau.

Registration of AEDs is required and is available through BEMS for devices not yet registered.

More information may be found through the [Jump Start Your Heart Program](#).
