2023 - 2024 pre-K Programs

Determining Family Eligibility

Topics to be Covered

- Eligibility Criteria for LA 4 and NSECD
- Using the DirectMatch System
- Alternative Methods for Determining Child Eligibility

 Believes

Coordinated Enrollment Requirements

Bulletin 140 mandates that Louisiana uses locally-managed enrollment systems that:

1. Coordinate Information: Families know of all available seats
 - *Inform families about the availability of publicly-funded programs*
2. Coordinate Eligibility: Families who are economically disadvantaged easily know for which programs they qualify
 - *Ensure families are referred to available publicly-funded programs*
3. Coordinate Applications: Families apply to all programs through one application
 - *Collect family preferences regarding enrollment choices*
4. Match Based on Preference: Families enroll their child in the highest ranked preference available
 - *Enroll children based on family preference so no one occupies more than one seat*

pre-K Program Eligibility

pre-K Program Eligibility Overview

pre-K programs serve children who meet certain eligibility criteria:

- Age
- Income
- Applicable documentation for immunizations

Definition of “Economically Disadvantaged”

Children in Louisiana are eligible for public pre-K programs if they live at or below 200% of the Federal Poverty Level, are in foster care, and/or are experiencing homelessness.

- Children in families with incomes at or below 200% of the Federal Poverty Level are considered “economically disadvantaged” and are therefore eligible for one of Louisiana’s pre-K programs.
- Children in foster care and children experiencing homelessness are *categorically eligible* for publicly-funded seats.
- Children with special needs and children whose home language is not English may be eligible to receive services *but must still qualify* to participate in publicly-funded programs. These children may be able to be served through other funding sources such as Title I, 8(g), and IDEA.

Important Eligibility Reminders

*The only determinants of eligibility for pre-K are **income** and **age**.*

- LEAs/sites should not deem a child ineligible for a pre-K seat for reasons other than income and age. This includes medical issues (including toilet training), guardianship, clothing, transportation, religion, ethnicity, cultural practices, and/or language barriers.
- LA 4 seats are awarded to serve children residing within the jurisdiction of a participating public school system.

Important Eligibility Reminders

*The only determinants of eligibility for pre-K are **income** and **age**.*

- Should an LEA/site consider it necessary to prevent a child from enrolling or consider disenrolling a child for any reason, they must communicate with the child's guardian what service limitations they may face, e.g. due to medical issues or language barriers, explain to the child's guardian what the site's plan is for supporting this child to receive educational services, and, in collaboration with the family, document in writing how the site will best meet the child's needs.

Age Requirement

Children must be 4-years-old by September 30 of their pre-kindergarten year.

Use the child's state-issued or foreign birth certificate, or current passport or visa to:

- Verify date of birth, **and**
- Verify that the person completing the application is the person listed on the birth certificate; **or**

Verify court-issued documentation showing permanent or temporary legal custody, such as:

- Custody Judgments
- Child Placement Agreement from DCFS
- Non-Legal Custodian Affidavit
- Notarized Provisional Custody by Mandate
- Notarized Military Power of Attorney

Birthdates	Age
10/1/2018 - 9/30/2019	Four Years Old

**Income Eligibility Determination:
DirectMatch**

DirectMatch Confidentiality

- Information included in eScholar is collected for state and federal reporting, making data available to educators and other stakeholders, and providing services to students.
- Student data are protected by state and federal laws and must be maintained in a confidential manner at all times. Unauthorized viewing, reproduction/copying, and/or distribution of any student record or information outside the intended and approved use are strictly prohibited.
- Users violating the authorized use of the system and/or data will lose access privileges to the system and/or data. Illegal access or misuse of the information will be reported to the proper authority.

eScholar DirectMatch

The Department requires Lead Agencies to use DirectMatch to determine if a child is eligible for LA 4 and NSECD services.

- When logging into the eScholar DirectMatch, users should access the login URL <https://SecureID.l DOE.la.gov> and enter login information provided by the LDOE ECE team.
- Once logged in, users will be able to submit student data in the system to determine if a child is eligible.
- If you do not currently have credentials to access the DirectMatch system or are unsure of how to log on, please reach out to kishia.grayson@la.gov.

At the base of the tree, a purple butterfly is perched on a small green bush. The background is a light, textured grey. The text "Alternatives to DirectMatch" is centered in the right half of the image.

Alternatives to DirectMatch

Allowable Proof of Income

During the eligibility determination process, at least one form of income verification documentation must be reviewed if the DirectMatch process is not used.

Parent(s)/Guardian(s) must provide **one** of the following:

- Current Child Placement Agreement from DCFS
- Families in a temporary living arrangement due to loss of housing or economic hardship (homeless) should be substantiated using the LEA-defined procedures (the McKinney-Vento Liaison) for verifying homeless status
- SNAP/Food Stamps Documentation
- A letter from the Social Security Administration verifying that the child listed on the application is a recipient of SSI benefits
 - SSI benefits for any other household member must be accompanied by other income documentation, if applicable

Allowable Proof of Income

During the eligibility determination process, at least one form of income verification documentation must be reviewed if the DirectMatch process is not used.

Parent(s)/Guardian(s) must provide **one** of the following:

- Two (2) consecutive pay statements that show gross income per statement
- An official letter from the employer stating all of the following:
 - where parent/guardian is employed
 - hourly rate of pay
 - the average number of hours parent/guardian works per week.
- Unemployment Benefits – must submit a Monetary Determination letter from the Workforce Commission

Allowable Proof of Income

During the eligibility determination process, at least one form of income verification documentation must be reviewed if the DirectMatch process is not used.

If parent(s)/guardian(s) are unable to provide the aforementioned proof(s) of income, parents must provide **one** of the following:

- Parent(s)/guardian(s) and adults included in the household number who claim zero income of any kind must each submit a **Statement of No Income Form**.
- Parent(s)/guardian(s) who are employed intermittently, self-employed, or who do not have pay statements or applicable Department of Children and Family Services printouts to verify their income must submit a **Declaration of Income for Irregular Employment Form**.

Allowable Proof of Income - SNAP Benefits

Families on SNAP are categorically eligible. Documentation must include child's name and effective dates. There are several different forms for this.

- The SNAP Change/Closure letter sent from DCFS. This letter will include an expiration date on the first page and a full listing of household members on the following pages.
- The CAFÉ Case Detail report will include current certification dates as well as a list of included family members. This report is available via the CAFÉ portal and can be accessed on most smartphones.

The Louisiana Purchase card is not accepted as valid proof that the family is a SNAP participant.

Allowable Proof of Income - Pay Statements

- Collect two (2) consecutive pay statements for the current year (within 2 months from the date they are completing the application) for each parent or guardian in the home.
- Income verification is only based on the regular or base pay rate.
 - E.g., holiday, overtime, or other bonus pay will not be considered in a family's gross income, as it is not representative of their typical average rate.
- Eligibility is based on gross household income. Therefore, if there are 2 or more adults contributing to the financial needs of the family, **both** adult's income must be counted for the family eligibility.
 - If the relative attests that they do not provide direct financial support, they should not be counted in the family size and their income should not be included.

2023-2024 Income Limits

Federal Income Limits: 200% FPL <i>(Effective January 2023 for 2023-2024 Enrollment)</i>		
Family Size	Gross Annual Income	Gross Maximum Monthly Income
2	\$39,440	\$3,287
3	\$49,720	\$4,143
4	\$60,000	\$5,000
5	\$70,280	\$5,857
6	\$80,560	\$6,713
7	\$90,840	\$7,570

Translating Income Into a Monthly Figure

Monthly Income Calculation Table	
Pay Period	Formula
Hourly	$(\text{Hourly wage} \times 40 \text{ hours per week}) \times 4.33$
Monthly, same gross pay each month	Use gross salary
Paid same gross amount exactly 2 times per month (e.g., 1st and 15th of month)	Gross salary \times 2
Paid same gross amount every 2 weeks (e.g., every other Friday)	$(\text{Gross salary} \div 2) \times 4.33$
Weekly	Gross salary \times 4.33

Calculating Monthly Income

- Income is most consistently and accurately calculated using the hourly rate formula.
- Gross income must be calculated using a 40-hour week unless parent indicates they work less than that

Example 1: If Mrs. Smith provides a check stub showing an hourly rate of \$25, you will calculate it as $(\$25 \times 40) \times 4.33$ to find her **average monthly income**. Mrs. Smith's monthly income is \$4,330. She is a single mom and has one child, (family size of 2), therefore she would NOT be eligible.

Federal Income Limits: 200% FPL (Effective January 2022 for 2022-2023 Enrollment)		
Family Size	Gross Annual Income	Gross Maximum Monthly Income
2	\$39,440	\$3,287

Calculating Monthly Income

- If the parent/guardian claims that **they do not work 40 hours** per week, they will need to get a letter from their employer, or verify on their pay statements, indicating how many hours they regularly work. You may then recalculate their income based on that amount.

Example 2: You receive a letter which shows Mrs. Smith only works 20 hours per week. You may calculate her income as $(\$25 \times 20) \times 4.33$ which equals \$2,165 for her **average monthly income** which makes her child eligible.

Federal Income Limits: 200% FPL <i>(Effective January 2022 for 2022-2023 Enrollment)</i>		
Family Size	Gross Annual Income	Gross Monthly Income
2	\$39,440	\$3,287

Unallowable Proof of Income

The following list includes items that are not allowable for income verification:

- ✘ W-2 or 1099 forms OR tax returns as a primary source. W-2s may only be used if no other form of income documentation exists and they were issued within 2 months from the date they are completing the application.
- ✘ Medicaid Documentation
- ✘ Child Support as an independent source (Unless it is the sole source of income and is court ordered. Parent/guardian must provide court documents as well as a letter stating that no other income is received.)

Immunization Requirements

No Shots, No School... Not True

Children may not be determined ineligible for a publicly-funded pre-K program due to lack of immunizations.

- If a family cannot afford to pay for their child's immunizations, families can receive free immunizations through [Shots for Tots](#).
- If a child is unvaccinated due to medical, religious, or philosophical beliefs, parents may claim exemption from the immunization requirements by submitting the [Statement of Exemption](#) form.

Teaching and Learning Updates

Louisiana Early Leaders Academy (LELA)

The Department released applications for the 2023 cohort of the Louisiana Early Leaders Academy on Friday, March 3. CNLAs are encouraged to [nominate](#) early childhood leaders in their community for this opportunity.

The Louisiana Early Leaders Academy (LELA) will be a 5-month, executive-level program for directors of publicly-funded early learning centers that will help expand access to quality early childhood care and education by strengthening leaders in the field.

Participating educators, known as Fellows, are selected through a competitive application process for directors aiming for excellence in their daily leadership of their early learning centers.

- Please allow 45-60 minutes to complete a thoughtful and thorough application. This application is the first step in the competitive process of applying to be a Louisiana Early Leaders Academy Fellow.
- If you are interested in learning more about Louisiana Early Leaders Academy, you can review the previous years' information on [Louisiana Believes](#).

[Google Form applications](#) will be shared out to all providers via email and linked in the Early Childhood Newsletter. Interested directors must complete the application by March 24, 2023 to be considered for this opportunity.

TS Gold[®] - Quality Documentation

What qualifies as a quality piece of evidence in GOLD[®]?

Documentation that:

- paints a clear picture of the moment
- is factual, leaving out opinions or feelings
- contains direct quotes
- is varied in type: detailed anecdotal notes, photographs, videos, snapshots of their work, audio recordings, and checklists
- can be tagged with at least three objectives and/or dimensions

What type of information should be included in documentation?

The documentation teachers add to the platform should include an objective description of a child or children's actions and words.

Take note of the context that you are documenting as well as other specific information, such as:

- date
- time
- location
- materials
- any activity taking place

GOLD®, T. S. (n.d.). What Type of Information Should be Included in Documentation. MyTeachingStrategies® Support Portal. Retrieved March 3, 2023, from <https://teachingstrategies.force.com/portal/s/article/What-type-of-information-should-be-included-in-documentation>

Why is it important to have quality evidence?

Quality documentation

- drives data and helps the teacher to differentiate instruction
- gives a better picture of Kindergarten Readiness
- presents a clear picture of the child's progress and growth throughout the year, including alerting teachers to regression

Types of Documentation

Observation notes (Anecdotal): These are short, objective, factual notes about what you hear and see. Include direct quotations of language and descriptions of actions, gestures, facial expressions, and creations.

Photographs: Take pictures of children's constructions, artwork, or examples of how they are demonstrating knowledge and skills related to an objective. Label each photo with the date and a brief note that explains the context in which it was taken.

Video and audio clips: Keep clips short. Capture just enough information to show an example of what the child knows and can do. Lengthy clips are difficult to store and locate.

GOLD®, T. S. (n.d.). What Type of Information Should be Included in Documentation. MyTeachingStrategies® Support Portal. Retrieved March 3, 2023, from <https://teachingstrategies.force.com/portal/s/article/What-type-of-information-should-be-included-in-documentation>

Types of Documentation

Samples of children's work: Don't save everything! Select the writing and art samples that relate best to particular objectives.

Diagrams or sketches: In the child's portfolio, include sketches of his or her block structures or other constructions.

Checklists, participation lists, and frequency counts: Use procedures to count abilities and skills in order to capture information quickly. For example, keep records of which interest areas a child visited and the letters a child recognized. A simple checklist to mark skills can also be included as part of the documentation of children's learning. The On-the-Spot Observation Recording Tool is such a checklist.

GOLD®, T. S. (n.d.). What Type of Information Should be Included in Documentation. MyTeachingStrategies® Support Portal. Retrieved March 3, 2023, from <https://teachingstrategies.force.com/portal/s/article/What-type-of-information-should-be-included-in-documentation>

How to Provide Field Support

How can collaboration between CNLAs and CCR&Rs Support the Field in GOLD®?

- CNLAs and CCR&Rs can collaborate to identify sites experiencing challenges collecting/inputting documentation, and finalizing checkpoints.
 - Once this is determined, CCR&R coaches can focus on providing support to sites with the greatest need.
- CNLAs and CCR&Rs can support the field by:
 - Offering Group Trainings on quality documentation and assessing children in GOLD®
 - Providing Technical Assistance to directors on setting up classrooms and teachers in GOLD®
 - Providing Technical Assistance to teachers on entering documentation and completing checkpoints.

EC Programs Layered for Success

Research shows that evidence-based professional development is more than simply providing pre-service or in-service training through workshops to positively impact teacher outcomes but a ***systematic layered approach*** to success.

Professional development layered on top of ECE programs can accelerate quality by structured formatting and integration of evidence-based strategies to grow teachers.

A successful layered approach should include:

- programs administering regular training sessions
- supplemented with mentoring or coaching
- and monitoring program implementations on a regular basis through collaborative efforts between agencies

- Negative Climate
- Licensing deficiencies
- Early Learning Environments

Collaboration in Practice

The Winter Collaboratives provided foundations for successful cross-agency collaborations.

Teaching and Learning Updates

Louisiana Early Leaders Academy (LELA)

The Department released applications for the 2023 cohort of the Louisiana Early Leaders Academy on Friday, March 3. CNLAs & CCR&Rs are encouraged to [nominate](#) early childhood leaders in their community for this opportunity.

The Louisiana Early Leaders Academy (LELA) will be a 5-month, executive-level program for directors of publicly-funded early learning centers that will help expand access to quality early childhood care and education by strengthening leaders in the field.

Participating educators, known as Fellows, are selected through a competitive application process for directors aiming for excellence in their daily leadership of their early learning centers.

- Please remind providers to allow 45-60 minutes to complete a thoughtful and thorough application. This application is the first step in the competitive process of applying to be a LELA Fellow.
- If you are interested in learning more about Louisiana Early Leaders Academy, you can review the previous years' information on [Louisiana Believes](#).

[Google Form applications](#) were shared out to all providers via email and linked in the Early Childhood Newsletter. Interested directors **must complete the application by March 24, 2023** to be considered for this opportunity.

Fiscal Year Close-Out CNLA To-Do List

To fully and responsibly close out a fiscal year, a CNLA must:

- Submit reimbursement(s) to draw down funds so the result is a zero balance in eGMS *as early as possible*
- Gather and prepare all documentation to verify the reimbursements submitted
- Submit Periodic Expense Reports (PERs) for **all** funding sources for **all** activities
 - Attach documentation to PERs submitted in eGMS
- Respond to any feedback from the LDOE review team member(s) on PER
- Prepare the field or impacted participants of for expiration of funds, as applicable
 - i.e. B-3 Seats and CSBAE

Reimbursements

Fiscal Year Close Out Reimbursements

There is no limit to the number of reimbursement requests that can be submitted in eGMS. The only limit is the amount of funding available.

Tips for reimbursement approval:

- Submit reimbursements as early and frequently as possible
- LDOE review typically takes about 5 business days
 - *This means reimbursement requests should be submitted far in advance of June 30*
 - *Reimbursement requests may be rejected with feedback, so prepare to implement feedback immediately for successful return of reimbursement*
- Reimbursement requests must align with the budget submitted in eGMS for that activity and budget code

Periodic Expense Reports

Periodic Expense Reports

Periodic Expense Reports (PERs) are completed quarterly and are the LEA's opportunity to provide all documentation for reimbursements requested during that quarter.

Quarterly PERs are available on the same dates each year, and due 15 days after that date each year.

PER Available	PER Due
September 30	October 15
December 31*	January 15
March 31	April 15
June 30*	July 15

*These PERs are especially important to complete timely, as they mark the end of the calendar year and fiscal year. Most fund sources will end after one of these two quarters.

Fiscal Year Close Out Summary

- PERs must be submitted quarterly for **all** fund sources of **all** allocations
- PERs **require documentation** to be submitted verifying all purchases/reimbursements requested in that quarter
 - *Reimbursements do not require documentation, though many local offices do require documentation prior to submitting. The LDOE does not require documentation for reimbursements.*
- **PERs inform the LDOE** how much funding was not spent, so that, if time allows from the federal grantors (as applicable) that funding can be reallocated to other activities
 - *It is in the best interest of all CNLAs to submit PERs as urgently as possible*
- **CNLAs are responsible for spending down** as much of the allocated funding as possible prior to the end of the grant period, and are able to **see current balances at any given time in eGMS**
