Workforce Planning and Family Engagement

Overview of the Workforce Planning Grant (WPG)

This is a competitive opportunity, and the LDOE will select up to five RSNs to participate in this grant based on:

- the network's readiness and capacity;
- the network's ability to work collaboratively with the providers, stakeholders, and other agencies (such as CCR&Rs, MHCs, and others) that support providers in the communities they serve;
- and the diversity of communities represented in this grant opportunity cohort.

Selected grantees will receive up to **\$100,000 each** and technical assistance to develop a detailed analysis of their network's ECE workforce needs and a strategic plan to address those needs.

Overview of the Family Engagement and Leadership Planning Grant

The LDOE will partner with five well-established RSNs to participate in the Family Engagement and Leadership Planning Grant that will strengthen family engagement by improving the capacities of existing programs and systems, streamlining experiences for families, and maximizing the capacity of the system by ensuring those closest to children and families are empowered.

- The LDOE will provide grants of up to **\$100,000** each to 5 RSNs to participate in the Family Engagement and Leadership Initiative Planning Grant.
- The LDOE will select RSNs to participate based on an application process that will indicate their readiness, capacity, and the diversity of communities represented in the cohort.
- Family Engagement and Leadership initiatives and activities will be funded **July 2023** and must be completed by **December 31, 2023**.

Frequently Asked Questions

Q: I have ARPA Stabilization funding in my Community Network Lead Agency Budget. Why?

A: This amount was allocated at October BESE to cover the costs of supporting Family Child Centers in Academic Approval, as they are required to participate in the Early Childhood Accountability System.

Q: What is the deadline for reimbursements?

A: Technically you can submit during the June 30-July 15 window. ***This is not recommended, and the EC Strategy Team recommends submitting reimbursements no later than June 15.*** Remember, the later you wait, the more likely an error will occur and there may be a risk of reimbursements not gaining approval by July 15. If you have concerns about this guidance, please contact the program manager of your allocation.

EC Strategy Outreach

Throughout the remainder of May, members of the EC Strategy Team will reach out to CNLAs that have not spent more than 65% of their allocated funds for two or more activities (ex: Lead Agency and Believe Cat 1).

To prepare for these calls, all CNLAs should:

- loop in any finance staff who work in the eGMS system at the local level
- calculate how much funding will **truly** be spent by June 30, 2023
- schedule reimbursement requests to be submitted in eGMS, and share that schedule with the LDOE team members on the call
- continue to spend funding, so that by the time the call happens, less than 65% of the original allocation remains to be spent
- share the challenges in spending urgently that stood in the way of having more spent by this time, so that the LDOE team members can help problem solve for the future

CNLA/CCR&R Check In

2023 Preschool Development Grant (PDG)

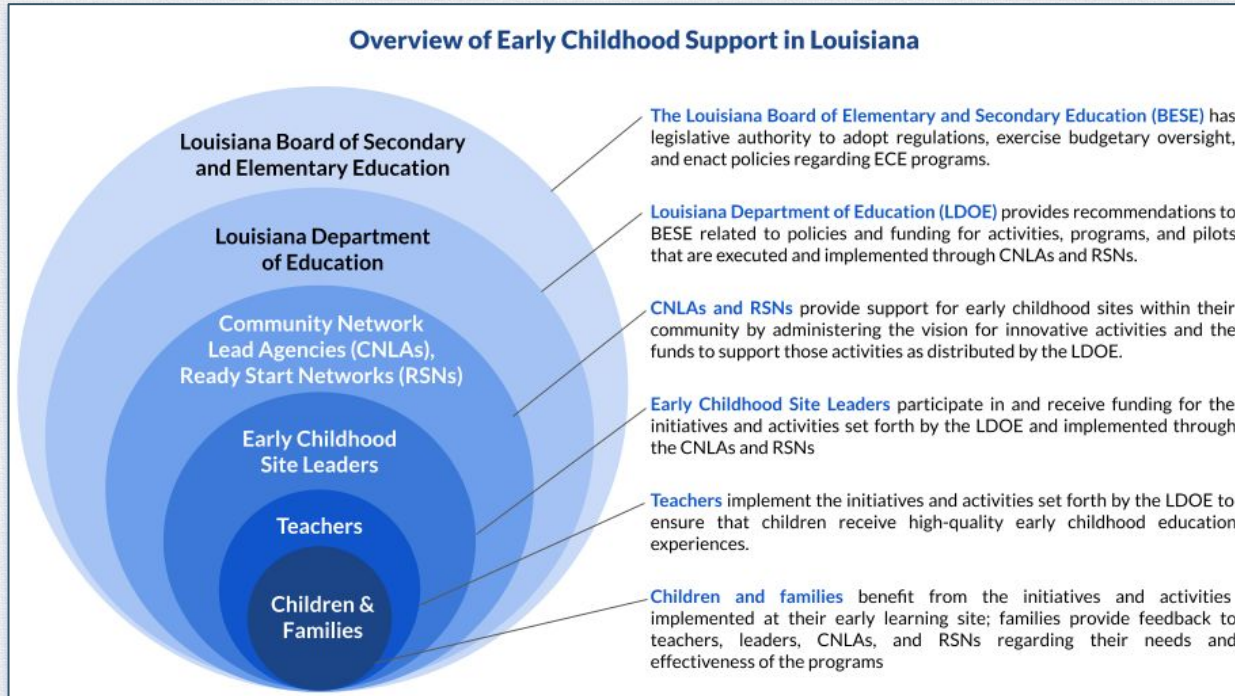

In January 2023, Louisiana was awarded a Birth through Five PDG Planning Grant by the Administration for Children and Families Office of Child Care.

Louisiana will build on the focus of its previous PDG award to identify and address the gaps in Louisiana's B-5 mixed delivery ECE system that have been exacerbated by the COVID-19 pandemic, and revise its existing needs assessment and comprehensive statewide strategic plan accordingly.

These efforts will prioritize building systems and structures to support the implementation of state-level and local strategies within the following activities:

- strengthen family engagement
- support for vulnerable families within diverse communities
- develop and sustain quality ECE workforce
- address access gaps to quality education and care through research and data analysis

Louisiana's ECE B-5 System Governance Structure Reaching the Child Within A Community

PDG Plans to Support the B-5 Workforce

Activities	LDOE Strategies & Plans			
Workforce Compensation	Teacher Compensation Pilot	ECE Workforce Stabilization Working Group	Affordable Health Insurance	EC Leadership Training On Recruitment and Retention
Alignment of Key Partnerships	EC Ancillary Certificate Programs	LA Workforce Commission	Office of College and Career Readiness	Board of Regents
Expand EC Workforce Capacity	5 RSN Workforce Planning Subgrants	Louisiana Early Leaders Academy (LELA)	EC Instructional Leadership Teams - School Readiness	Develop a Campaign to Elevate the ECE Profession

WPG Planning Vision

Workforce planning is the process of analyzing existing workforce components and planning that includes

- ***Build a pipeline***: Ensure path for effective early educators
- ***Equitable access***: Ensure all children have great educators
- ***High quality practices***: Ensure workforce has skills to implement
- ***Wellness initiatives***: Promote a culture of wellness for educators who care for our youngest children

The Four Suggested Systems of Support

**Workforce
Consultant**

**Partner with
Local
Community
Groups or
Organizations**

**Ready Start
Networks**

**CCR&Rs,
Directors, and
Teachers
of EC
Programs**

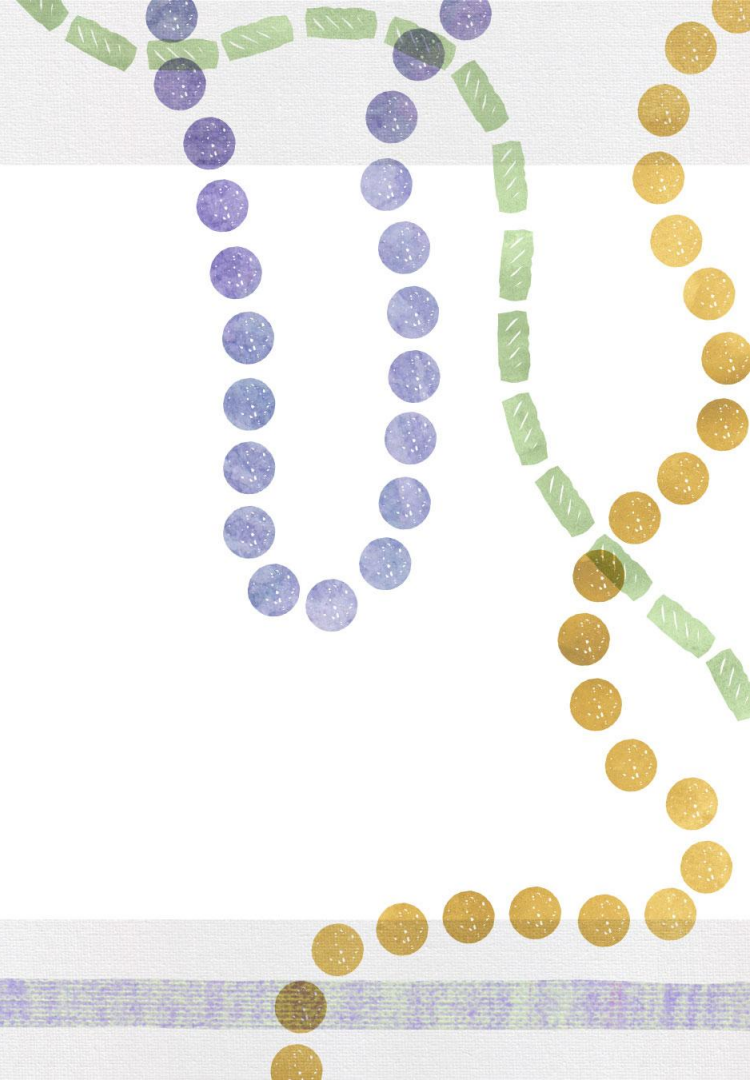

Collaborative focus is needed to strengthen the four primary points of connection that have been identified as necessary components for facilitating local workforce expansion capacity.

The Strategic Direction and Goals

What are you hoping to achieve through workforce planning? What are the primary goals/milestones that are being targeted?

- The new workforce plan will be produced with a collaborative approach that generates a consensus among all stakeholders.
- Without organizational buy-in and a rationale for new strategies, networks cannot reap the benefits of workforce planning. The grantees will be required to hold at least 2 scheduled network meetings with suggested stakeholders such as CCR&Rs, EC providers, and teachers to discuss workforce needs as part of future workforce planning.
- Consider this step setting the “soft” workforce planning framework that will define the overall strategy for future data-driven information rather than the plan’s specific details.

EC Strategy Outreach

Throughout the remainder of May, members of the EC Strategy Team will reach out to CNLAs that have not spent more than 65% of their allocated funds for two or more activities (ex: Lead Agency and Believe Cat 1).

To prepare for these calls, all CNLAs should:

- loop in any finance staff who work in the eGMS system at the local level
- calculate how much funding will **truly** be spent by June 30, 2023
- schedule reimbursement requests to be submitted in eGMS, and share that schedule with the LDOE team members on the call
- continue to spend funding, so that by the time the call happens, less than 65% of the original allocation remains to be spent
- share the challenges in spending urgently that stood in the way of having more spent by this time, so that the LDOE team members can help problem solve for the future
