Vision for Kindergarten Readiness in Louisiana

Louisiana Vision for Kindergarten Readiness

Over the past five years, Louisiana has worked to unify the early childhood system – birth to pre-K – to prepare all children for kindergarten.

Shared high standards for what children should learn and what excellent teaching looks like.

Teachers are excellent at interacting with children and guiding learning.

Expectations for health, safety, and learning are consistent with adequate funding levels for programs that serve children well.

Families can easily enroll and choose the best option for their children.

In 2016-2017, Louisiana completed the first full year of actual implementation.

Act 3 (2012) Implementation Timeline

2013-2014

13 Early Childhood Community Network Pilots launched

2014-2015

16 additional Community Network Pilots launched
Legislation was passed to further unify licensing, enrollment, and funding

2015-2016

All communities put Community Network in place
Statewide implementation was achieved through a learning year

Achieving Statewide Kindergarten Readiness

Only half of children in Louisiana enter kindergarten ready. Since the passage of Act 3, 2012, Louisiana has made great progress in unifying the system to prepare all children for success.

- Louisiana requires early childhood programs that take public funding to meet **universal standards** – regardless of program type – with a **focus on learning outcomes** rather than inputs. Louisiana also seeks to **increase access** and **informed choice** so families can choose the best option for their children.
- Historically Louisiana's School Readiness Tax Credits (SRTC) have helped the child care sector improve quality and access for at-risk children. Now Louisiana has aligned these innovative tax credits with the universal rating system and new child care teacher credential in order to increase kindergarten readiness.

These tax credits play a vital role in supporting the child care industry which has an \$830 million impact on the Louisiana economy.

School Readiness Tax Credits

How Tax Credits Work

School Readiness Tax Credits are a \$16 million investment annually in quality child care.

This package of five tax credits, which were made law in 2007, have served as an important incentive for:

1. Families to choose quality rated centers;
2. Providers to serve vulnerable, at-risk children whose parents could not otherwise afford quality care;
3. Directors and staff to pursue additional education or credentials;
4. Businesses to donate to child care centers to help improve quality; and
5. Businesses or individuals to donate to resource and referral centers in order to help improve child care quality within a region.

Tax credit funding helps secure more than \$80 million in federal funds (CCDF).

School Readiness Tax Credits

Why Tax Credits Matter

School Readiness Tax Credits are essential to Louisiana's early childhood sector.

1. They help maximize funding.

- They help Louisiana bring in \$80 million in federal funds and encourage local investment.*

2. They encourage centers to serve CCAP children.

- Centers have become or have stayed Type III and are serving low-income Louisiana children enrolled in higher-quality-rated settings.*

3. They help drive improvement.

- Centers are rewarded for improving quality while thousands of child care directors and staff are rewarded for earning credentials.*

4. Child care directors and teachers depend on these tax credits.

- Child care directors and teachers indicate that they rely on the credits to make essential purchases, retain teachers and invest in quality improvement, which is especially important with the 2019 requirement that lead teachers have an ancillary certificate.*

5. They increase local support and investment in child care.

- Businesses and resource and referral agencies use credits to support child care quality.*

What to Expect for SRTC in 2018 Tax Year

School Readiness Tax Credits

Approach on Aligning Tax Credits

Louisiana has built a unified system to prepare all children for kindergarten. Now tax credits need to be aligned to reward performance and preparation under unified system.

If Louisiana:

- Redefines star ratings to recognize sites that provide quality interactions and instruction to Louisiana children under unified rating system;
- Rewards performance and improvement via tax credits and bonus payments;
- Offers new options for directors to reward site performance instead of credentials;
- Offers new options to help attract and retain certified child care teachers by increasing compensation based on ancillary teaching certificate and years of service; and
- Maintains incentives for families, private individuals and businesses to support child care improvement;

Then more Louisiana children, especially those under age 4, will have access to quality programs that help prepare them for kindergarten.

Communicating the 2018 SRTC Updates

The Department has worked closely with the field since the implementation of the statewide unified early care and education network.

- *In February 2017, the Department provided [in-depth information](#) to the Early Childhood Advisory Council about the proposed changes, and provided the same information to the field via a [statewide webinar](#) which was [recorded](#) and posted to the website*
- *In March 2017, the Department provided the field with information about the changes via the [Early Childhood Newsletter](#), along with tools like a [calculator](#) to help centers estimate the impact on their own center.*
- *In March 2017, the Department brought the proposed changes, which had been endorsed by the ECCE Advisory Council, before the [Board of Elementary and Secondary Education](#).*
- *In spring 2017, the Department released a version of the performance rating calculator that included star ratings for centers so that sites could calculate both their performance rating and star level.*
- *During the 2017 legislative session, the Department provided information about the proposed changes to the legislature.*

Aligning SRTC Policy with Unified System

Strengthening School Readiness Tax Credits

Louisiana revised tax credits to align with unified rating system and reward teachers and directors for their dedication to the field.

Credit Type	Summary of Revisions												
For Teachers and Directors	<ul style="list-style-type: none"> Directors will be able to earn credits based on site performance and teachers will earn more based on earning an ancillary certificate. Teachers with an ancillary certificate can earn up to ~\$3,300 annually for working at a publicly-funded center and receiving tax credits for more than 2 years. Teacher and Director SRTC

Overview of Changes for 2018

State now offers new options to reward directors based on performance and encourage teachers to earn new child care teaching certificates and serve in child care sector.

How It Works for 2017

- Credits are based on education level (4 levels are defined in [Bulletin 139](#) – e.g., CDA through Masters Degree for teachers)
- Teachers or directors must work at a center in rating system for at least 6 months
- Credit is available to all staff at rated centers, regardless of rating
- Credits are refundable
- Credits range from \$1,630- \$3,260 based on level and are adjusted annually based on CPI

Policy Alignment for 2018

For Directors:

- Offer option to earn levels for proficient performance

Level	Director's Site Performance
Level II	Rating = 4.5 – 5.24
Level III	Rating = 5.25 – 5.99
Level IV	Rating = 6 – 7

For Teachers:

- Offer option to earn levels for Anc. Certificate and service

Level	Teacher Credential
Level II	Early Childhood Ancillary Certificate
Level III	Certificate and 1+ years
Level IV	Certificate and 2+ years

Impact

- No staff will lose their current credit; changes only add options
- More staff may be eligible as all Type III centers are in the unified rating system
- Directors can be rewarded for performance and impact on children, fully aligning incentives for site leaders
- Teachers will be rewarded for obtaining Ancillary Teaching Certificate in advance of 2019 requirement
- Turnover costs may decrease as teachers will be incented to stay in child care sector

Teacher SRTC

Changes to Teacher Career Ladder

Teachers will be able to qualify by obtaining an Ancillary Certificate and remaining in the child care field. Professional activity and experience requirements will no longer be included for teachers.

Teacher and Director SRTC

Key Takeaways

The revisions to Teacher and Director SRTC for 2018 will provide more opportunities for staff, teachers, and directors to qualify for higher tax credit levels.

2017 Tax Year: There are no changes for how teachers and directors qualify for 2017 credits.

- Beginning with the 2017 tax year, teachers and directors must mail an original version of their tax form to Louisiana Pathways, as well as retain one original version for tax purposes.

Impact of Tax Credits: These revisions will likely impact all eligible centers, regardless of star rating, as all teachers will be eligible for credits based on ancillary certificate and years of service.

Qualifying Criteria: Teachers and Directors must work at an eligible center for at least six months and an average of 30 hours a week to qualify.

- Only the Director can receive the Director credit with a limit on the number of Directors per site based on licensed capacity.

Professional Service and Years of Experience Requirements: Teachers will no longer have to meet the professional organization or experience requirements.

- Directors will continue to have professional activity and experience requirements.

Additional SRTC Updates for 2018

Revised Unified CCAP Bonus Structure

CCAP bonus payments will be increased to support improvements. However, bonus payments for 2 star providers will be reduced over time to incent providers to improve.

- Providers receive quarterly bonus payments equal to a percentage, as defined below, of all child care subsidy payments received in the prior quarter based on the center's star rating.
- For 2018 through 2021, policy specifies the following bonus payment structure:

Star Rating	Current / 2017 Bonus %	2018 Bonus %	2019 Bonus %	2020 Bonus %	2021 Bonus %
2 Star	3%	6%	4%	2%	0%
3 Star	8%	11%	11%	11%	11%
4 Star	13.5%	16.5%	16.5%	16.5%	16.5%
5 Star	20%	23%	23%	23%	23%

- There was no change in bonus payment structure in 2017, including enhanced pilot bonuses. The enhanced pilot bonus program end on December 31, 2017- with the final payment in February 2018.
- Bonus payments are federal funds (CCDF) used to meet federal "quality" requirements.

Provider SRTC and Unified CCAP Bonus

Calculating Eligible Children

The process for calculating eligible children has not changed.

The average monthly number of eligible children on which the Provider SRTC calculation is based is calculated as below:

- Full-time participation is considered when CCAP or Foster Care Program pays for at least 12 days of service per child during the month; or two part-time participants may be combined to equal one full-time participant for purposes of this calculation.
- A child is considered to be attending part-time when CCAP or the Foster Care Program pays for at least 40 hours of service per child during the month; or CCAP or Foster Care Program pays for at least 5 days but no more than 11 days of service per child during the month.
- These calculations are used for calculating eligible children for the SRTC and for the Unified CCAP Bonus.

Provider SRTC Key Takeaways

Impact on centers will depend on current rating, expected future performance and number of CCAP children served.

- Centers will receive 2017 credits based on Quality-Start defined stars.
- 2018 Star Ratings are based on 2016-2017 Performance Profile Ratings, and can be found in Louisiana School and Center Finder (www.louisianaschools.com).
- The last bonus payments based on the 2017 stars will be paid in February 2018.
- Beginning with the bonus payments for January –March 2018, paid in May 2018, there will be one unified CCAP bonus, and it will be based on the 2018 Star Rating.
- CCAP bonus payments for 2 star providers decrease over time in to encourage improvement.
- Providers who receive LA4, NSECD or the PreK grant will not lose these slots in 2018-2019 based on change in star ratings.
- To be eligible, providers must remain in compliance with Licensing requirements.

Family SRTC

Key Takeaways

The inclusion of all Type III centers in the unified rating system means that more Louisiana families may be able to qualify for the Family SRTC.

2017 Tax Year: There are no changes for how families qualify for 2017 credits. Family SRTC for the 2017 tax year will be based on the 2017 Star Rating each participating child care center has received.

Qualifying for the Family SRTC: Families receive information about how to claim their SRTC from child care centers no later than January 31 of the succeeding year.

- Families must incur child care expenses for at least one child under the age of six during the calendar year
- Families must have enrolled a child under the age of six in a licensed child care center that has earned at least two stars.

2016-2017 Performance Profiles for 2018 Stars

2018 Star Levels

Aligning Star Levels to Performance Profile Ratings

Tax credits and bonuses for child care centers have been revised to reward performance and improvement.

CLASS™ Score Range	Performance Rating	Star Rating for Tax Credit and Bonus Payments
6.00 - 7.00	Excellent	5 Stars
5.25 - 5.99	Proficient	4 Stars
4.50 - 5.24	Proficient	3 Stars
3.75 - 4.49	Approaching Proficient	2 Stars
3.00 - 3.74	Approaching Proficient	1 Star
1.00 - 2.99	Unsatisfactory	0 Stars

The 2016-2017 Performance Profile rating will determine the star ratings for centers for tax year 2018. These star ratings have been released via School and Center Finder.

Performance Rating Approach

Focus on Interactions with Children

Louisiana uses CLASS™ to measure, provide information on and support improvement on the core elements needed for quality: adult-child interactions and instruction.

As a research-based, nationally regarded early childhood quality measure for all young children, CLASS™:

- Assesses how well teachers interact with children, including how well they:

Description	PreK Domain	Toddler Domain
<i>Create a warm, positive environment and build trusting relationships with children</i>	Emotional Support	Emotional & Behavioral Support
<i>Organize daily routines and minimize disruptions</i>	Classroom Organization	
<i>Help children learn concepts and connect ideas through dialogue and play</i>	Instructional Support	Engaged Support for Learning

- Correlates with child outcomes
 - *Programs that perform better on CLASS™ have better child outcomes (i.e., kindergarten readiness)*
- Supports teacher growth by providing useful information for coaching

National Research Validation of Louisiana's Approach

Researchers at the University of Virginia found children learn more in Louisiana classrooms with higher ratings.

In 2014-2015, researchers evaluated Louisiana classrooms and children:

- 90 child care, Head Start and pre-K classrooms serving 4-year-olds statewide;
- Conducted 4 CLASS™ observations per classroom;
- Assessed ~1,100 children in the fall and spring; and
- Surveyed teachers, program directors and parents/guardians.

Initial results indicate that:

1. Louisiana observations are accurate: local and research CLASS™ scores closely align.
2. Children learn more in classrooms with higher CLASS™ scores.
3. Adding other quality measures does not help identify effective classrooms.

Performance Rating

Calculating Measures of Classroom Quality Scores

Performance scores and ratings are calculated from CLASS® observation scores using a set of rules aligned with Bulletin 140 Policy.

Individual CLASS™ observation dimension scores are averaged together to calculate domain scores and overall scores

- **Overall scores:** All of the site's dimension scores across all domains are added together and divided by the total number of dimension scores
- **Domain scores:** All of the site's dimension scores within the domain are added together and divided by the number of dimension scores

Note: Negative Climate dimension is not included in any ratings

If local observation scores are missing for a classroom within a semester:

1. Third party scores for the classroom for that semester are used if available
2. The average of the site's third party scores for that age type are used if no other classroom score is available

Third party observation domain scores are used to replace local observation domain scores if the domain scores differ by more than 1 point, or if there are consistent inaccuracies.

New in 2017-2018: Early Childhood and K-12 School and Center Finder

School and Center Finder enables families to search directly for a site by name, but it will also allow families to browse for schools or centers in a particular area or zip code.

The screenshot shows the Louisiana School Finder website. At the top, there is a teal banner with the text "Welcome to the Louisiana School Finder" and "Search for schools based on what matters most to you." Above the text are icons for Louisiana, a school building, and a magnifying glass. Below the banner are two search panels. The left panel is titled "EXPLORE SCHOOLS AND CENTERS" and has a search input field with a location pin icon and the text "Enter an address, city, or zip code in Louisiana". Below this is a dropdown menu labeled "Select an age/grade" and a "View Schools/Centers" button. The right panel is titled "JUMP RIGHT TO YOUR SCHOOL OR CENTER" and has a search input field with a magnifying glass icon and the text "Search by school or center name". Two purple callout boxes with arrows point to the respective search fields.

Browse by address, city, or zip code to see all nearby schools or centers.

Or search directly for a school or center by name.

The School and Center Finder can be accessed at www.LouisianaSchools.com

Viewing Site Performance Profiles

The 2018 Star Rating, which is aligned with the 2016-2017 Performance Profile Rating, is published in the Louisiana School and Center finder. This does not impact 2017 SRTC.

The screenshot displays the website interface for an 'EXAMPLE EARLY LEARNING CENTER'. At the top, it shows the school's name and 'EARLY EDUCATION PERFORMANCE' with a rating of 'Approaching Proficient'. Below this, there are two tabs: 'ABOUT OUR SCHOOL' (selected) and 'ACADEMIC PERFORMANCE'. The 'ABOUT OUR SCHOOL' section is divided into three columns. The left column contains a map of the school's location at 1201 Noth Third Street, Baton Rouge, LA 70802, along with contact information (phone: 877-453-2721, email: assessment@la.gov, website: View School Website) and operating hours (Mon-Sun: 6:00am to 6:30pm). The middle column, titled 'OVERVIEW', lists 'AGES/GRADES SERVED' (Infant (Under 1)-PK (ages 3-4) and Infant (Under 1)-Toddler (ages 1-2)), 'DISTRICT/PARISH' (East Baton Rouge Parish), 'SCHOOL/CENTER TYPE' (Licensed Center), 'LICENSE TYPE' (III), 'INSPECTION VISIT INFORMATION' (with a link to view inspection visit information), and 'STAR RATING' (displayed as three yellow stars and two grey stars). The right column lists 'DIRECTOR/PRINCIPAL' (Mr. John White), 'TRANSPORTATION' (Yes), 'TAKES CHILD CARE ASSISTANCE PROGRAM (CCAP)' (Yes), 'BEFORE CARE' (Yes), and 'AFTER CARE' (Yes). A large black arrow points from the 'View School Website' link in the left column towards the 'STAR RATING' section in the middle column.

A photograph of a young child with dark hair, wearing a striped shirt, sitting on a light-colored floor. The child is holding a wooden stacking ring toy with colorful rings (purple, green, yellow, orange, red) and a red cup. The background is a textured wall with blue and green watercolor-like patterns. A semi-transparent white banner is overlaid across the middle of the image, containing the text "Supports for Improvement".

Supports for Improvement

Supporting Improvement in 2017-2018: Unified Supports for Child Care Centers

Louisiana is providing supports and resources to child care centers to support improvement and provide quality training and preparation for teachers.

- **Curriculum-** Child care centers have access to the [Child Care Curriculum Initiative](#), a \$3 million investment in supporting child care centers in accessing [Tier I](#) toddler and pre-K curriculum.
 - *Centers receive training on how to use and implement curriculum through R&R's.*
- **Professional Development and Coaching:** Through [Resource and Referral Agencies](#) and the Mental Health Consultation program, centers are able to access targeted coaching that is responsive to their *CLASS* scores.
- **Early Childhood Ancillary Certificate:** Child care teachers continue to complete professional training and receive their [certification](#), often through BESE-approved [Early Childhood Ancillary Certificate Programs](#).
