

App Development with Swift

July 2020

Certifying Agency	Apple Certiport (Exam Developer and Administrator)
Description of Credential	<p>Swift is a robust and intuitive programming language created by Apple that’s easy to learn, simple to use, and super powerful—making it great for getting started with code. It’s also one of the fastest growing, most popular open-source programming languages used by professional developers. In fact, some of the world’s most popular apps are built in Swift.</p> <p>Basic State:</p> <ol style="list-style-type: none"> IBC# 473 – App Development with Swift
