

Basic Bundles

*interim document

Highly valued skills are those that make an entry level candidate attractive to employers within industry sectors integral to Louisiana’s economic prosperity as determined by Louisiana Workforce Commission. These entry level positions may require limited prior work experience and are part of a career ladder for advancement.

An **Advanced Industry Based Credential** represents a single, comprehensive credential that signifies a student has mastered a set of technical skills highly valued by employers.

A **Basic Bundle** is a set of stackable credentials, where each earned credential adds value to a student’s qualifications enhancing their competitiveness on the market. While individual credentials may have limited value to employers, the bundle objectively demonstrates to employers that a student possesses a highly valued set of technical skills. The initial set of basic bundles includes:

Bundle 1	<ol style="list-style-type: none">1. Forklift Operator (with hands-on training)2. NCCER Basic Rigger3. NCCER Signal Person4. NCCER Level 1 (any craft area)
Bundle 2	<ol style="list-style-type: none">1. Certified Nurse Assistant2. Certified Phlebotomy Technician3. EKG Technician
Bundle 3	<ol style="list-style-type: none">1. Emergency Medical Responder2. IFASAC FireFighter 1
Bundle 4	<ol style="list-style-type: none">1. Fundamentals of JavaScript, Functional Programming, and Web Development Level 12. PYTHON Certification
Bundle 5	<ol style="list-style-type: none">1. American Welding Society 3G and 3F (plate or pipe)2. American Welding Society 4G and 4F (plate or pipe)

Approval Authority: The industry based certification council reports to the Louisiana Workforce Commission for review and approval before being added to the Louisiana State Focus List. The State Focus List is a living list.
