School Improvement Best Practices

Please share with school system supervisors.

The [School Improvement Best Practices](#) strategy is designed to support schools in adopting the essential components that drive professional and student growth and will continue during the 2022-2023 school year. - teacher collaboration support,
- teaching standards support,
- principal standards support, and
- career pipeline support.

All CIR and UIR-A schools are required to participate in particular aspects of the School Improvement Best Practices strategy: the Instructional Leadership Team Support and Teacher Collaboration Support training sessions, as well as the accompanying online portal and two days of on-site and/or virtual coaching as follow-up support to the training.

- If a CIR or UIR-A school participated in ILT support or Teacher Collaboration support trainings in Summer 2021, then it is required that they complete the “next level” training in that area in Summer 2022.
- If a CIR or UIR-A school did not participate in ILT support and Teacher Collaboration support trainings in Summer 2021, then it is required that they complete the “foundational” training in those areas in Summer 2022.

Registration Procedures

All schools in Louisiana can [register](#) to attend this professional development [opportunity](#) during Summer 2022. School systems should complete this [form](#) to indicate the training they anticipate their schools will participate in. Upon receipt of the form, NIET will connect with the school system contact to begin planning. Completing the form does not commit you to selecting these trainings, but it helps to inform the conversation and planning with NIET.

Tasks and Timeline for Success

The required components for CIR & UIR-A schools (ILT training, Teacher Collaboration training, EE PASS portal subscription with two support days) are mandatory and registration for these trainings should be finalized with NIET as soon as possible.

Below are some of the actions and recommended timelines for all school systems to consider in your plans for success.
