Message from the Superintendent

Dear Colleagues,

Louisiana was recently recognized for our state's comprehensive early literacy policy. *ExcelinEd*'s new [Early Literacy Matters](#) resource rates [Louisiana](#) as one of only three states taking action on all 18 of the organization's early literacy fundamental principles.

The report found it noteworthy that Louisiana requires all school systems and schools to develop a literacy plan and provides guidance for creation of these plans through several resources. Among the areas where Louisiana was recognized for full implementation, the report found:

- Science of reading training is required for all K–3 teachers
- Universal reading screener for K–3 students
- Parental notification of students identified with reading difficulties
- Elimination of three-cueing systems
- Individual reading plans for students identified as having a reading deficiency
- Monitoring students' progress within a multi-tiered system of support
- Targeting students' needs by adopting interventions grounded in the science of reading

I was intentional about calling out our state's literacy crisis early in my tenure and am pleased to see Louisiana leading the way with common sense reading reforms. With the support of our policy-makers, educators, and parents, Louisiana students will benefit from these bold efforts.

Dr. Cade Brumley
State Superintendent of Education

General Nonpublic School Office Hours

The Office of School Choice-Nonpublic Programs Team currently offers a service called [Office Hours](#). We are offering office hours to provide one-on-one assistance regarding any questions you may have regarding our scholarship programs.

Office hours will be offered each week for **school administrators and other school system employees**. Office hours will be held Tuesdays and Thursdays from 10:30 a.m. to 11:30 a.m.

You can book your Office Hours call using this [link](https://www.picktime.com/LDNonpublicschools): <https://www.picktime.com/LDNonpublicschools>

In order to make sure that every school gets an opportunity to schedule a call, each call will be limited to 15 minutes. When booking your call, you must include a description of what you'd like to discuss during the call in the "booking notes" section of the form. This will ensure that our staff is prepared ahead of the call and can effectively use the time to address your concerns.

If you miss your scheduled time, you will need to book a new appointment time. If you have any questions about Office Hours, please reach out to us at studentscholarships@la.gov for assistance.

This service is not available to families. Families with questions should submit them to studentscholarships@la.gov.

Please contact studentscholarships@la.gov with questions.

Assessments, Accountability, and Analytics

LEAP 2025 Spring Administration

Please share with testing coordinators, special education staff, and school leaders.

All accommodations for LEAP 2025 spring testing must be finalized no later than March 15. The testing team will not review any requests for late accommodations. IEP teams should be aware that state testing accommodations should have been used routinely by students in classes well in advance of testing.

There is no accountability code to excuse students from testing for parental opt-outs. There is no formal process for opting students out, but the LDOE recommends that parents be required to submit a refusal of permission to test their child in writing to the principal in advance of the testing window. Schools cannot refuse to allow students to attend school on testing days, and should provide instructional activities for students.

Please contact assessment@la.gov with questions.

Assessment Literacy Initiative

Please share with school leaders, system leaders, and teachers.

The LDOE assessment content team and the Center for Assessment will host the March session of the monthly webinar series on March 7. The focus of this session is Local Assessment System Audits: How Do Teachers and Leaders Know if the Collection of Assessments They Administer is Any Good? (Part 1)

Each session in the [Effective Assessment Practices](#) series will provide opportunities for Louisiana educators—both leaders and classroom educators—to learn about and discuss the most important and practical topics related to assessment in school systems and classrooms. An optional question-and-answer session will take place immediately following the webinar. The webinar will be recorded.

Interested educators should access the [Assessment Development Educator Review Committees](#) document for information on exact dates, meeting details, and links and deadlines to apply to participate on specific committees. The deadline to complete applications is March 24.

Please share with testing coordinators.

The deadline to order accommodations and/or support materials for use in test window 1, and submitting ACT testing schedules is March 1. Please contact ACT Accommodations at 800 553 6244, ext. 1788.

The deadline to request qualified exceptions to the deadline for ACT-authorized accommodations and/or supports for eligible examinees in TAA using the [Qualified Exceptions to the Deadline](#) form is March 8.

Students who take the ACT using state accommodations that are not approved by ACT may be eligible for a score report that cannot be used for college reporting. While the results can be included in state accountability, parents should be aware that colleges and universities will not accept these reports, and they will not be made available from ACT for college reporting.

Instructional Support: Instructional Materials Reviews

Please share with content supervisors, literacy coaches, and school leaders.

The LDOE is excited to announce the addition of the Professional Learning Efficacy Indicators to the Instructional Materials Professional Learning Partner Guide evaluation process in order to inform systems about the effectiveness of our professional learning partners who are featured in our [Instructional Materials Professional Learning Partner Guide](#). The Professional Learning Efficacy Indicators are a framework emphasizing key elements that impact the value of educators' learning experiences. Aligned with our commitment to excellence, these indicators are now part of the submission and evaluation process in our Instructional Materials Professional Learning Guide for partners.

During the data collection period from March 11 to April 11, system leaders can anticipate receiving an email requesting their participation in a survey. This survey is designed to gather data for this initiative, enabling the LDOE to convey a clear message about the quality and effectiveness of learning providers to educators and stakeholders.
