Middle School News

Middle and High School Counselor Collaboration

Please share with middle and high school counselors and school administration.

School counselors often manage large caseloads of students. High school counselors can connect with local area and feeder middle school counselors to discuss topics such as campus/course offerings, graduation requirement updates, pathway options, and completing the 8th grade portion of IGPs.

Having middle/high school counselor collaboration allows time for counselors to meet about ways the IGP and scheduling processes can be streamlined and completed by working together. In addition, middle school counselors are able to provide high school counselors with strategies they have found successful in working with rising 9th graders that support positive student achievement.

Reminders

From the LOSFA Counselor Communication

Please share with administrators and school counselors.

LOSFA will begin processing the graduating class of 2024 in June! Here are a few reminders to make sure the processing season runs as smoothly as possible:

Student Transcript System (STS) Reminders:

- The graduation date must be set.
- Parental Consent is set to "Yes" (both public and private schools).

For public high schools, a signed LOSFA Consent Form must be on file at the school or district with permission granted for the release of STS records to LOSFA before the Parental Consent is set to "Yes" in STS.

- Students are not listed on the No PII in BLE Report (public schools).
How to Pull a PII Report:
 - School districts will no longer receive notices from the LOSFA Audit Department
 - Select a school
 - Print & Export tab
 - Select Printing/Exporting Transcript Records
 - Select No PII found for students in BLE (XLS)
 - If a student is missing a SSN, name, or birthday in eScholar, they will appear on this report. LOSFA and BOR must have these 3 pieces of information to link records for college enrollment and TOPS scholarships. If the student has a check mark, then that piece of information is ok. If the student has a question mark, it means that piece of information is missing in eScholar. **NOTE:** To make a change to PII, please put the change in eScholar, wait at least an hour, and then update the information in STS.
- All transcript information must be received via STS. LOSFA will not accept faxed or emailed high school transcripts.
- The recommended deadline to have transcript information entered is June 15.

ACT Reminder:

- LOSFA now receives ACT WorkKeys directly from ACT. Scores no longer need to be sent to LOSFA, except for qualifying scores earned by graduating seniors after April 30th. Please use [LOSFA's WorkKeys Test Result Form](#) to submit scores. The completed form can be emailed to SGIE@la.gov.
- LOSFA does not use super scores.
- LOSFA cannot accept faxed or emailed ACT scores.

Documentation LOSFA may need to process students:

- Residency documentation
 - School districts will no longer receive notices from the LOSFA Audit Department to verify students' residency.
 - Students who list a parent as an out-of-state resident on the FAFSA will automatically receive a [Residency Affidavit](#) to complete.
- Home Study documentation - If a student attended your school and left to complete high school as a home study student, LOSFA needs a letter on school or district letterhead stating that the student left your school in good standing at the time the student enrolled in a home study program.
- Please encourage your students to set up a Student Hub account. This is the quickest and easiest way for students to check their TOPS eligibility.
- The TOPS status of 2024 graduates for each high school will be available once processing begins in June. The report can be accessed under [TOPS Status Statistics](#).

If you need assistance with a student during the summer, please email LOSFA.Counselors@la.gov. Students and parents must utilize custserv@la.gov or 225-219-1012 for assistance.
