Message from the State Superintendent

Dear Colleagues,

The Louisiana Department of Education is recognizing Celebrate Freedom Week September 18-22. This marks the second year of this commemoration, which was born from [Act 370 of the 2022 Regular Session](#). We've developed a [resource guide](#) school systems can use to plan lessons and events.

A social studies teacher by trade, I'm using this week as an opportunity to step back into the classroom and highlight Louisiana's new Freedom Framework. I'm teaching a pair of civics lessons to high school students in two parishes. We'll be learning about the branches of government. I'll update you next week on how it goes. I'm sure we will also share some photos on our social media channels.

I am eager to hear about how you will be celebrating this week with your students. We are fortunate to live in the greatest country in the world. The pursuit of a more perfect union relies on well-informed citizens who have a deep appreciation for their country and a sound understanding of how our government functions. This is a privilege we must never take for granted. As President Ronald Reagan aptly stated, "Freedom is never more than one generation away from extinction."

Sincerely,

Dr. Cade Brumley

LEAN Practices School System Spots Still Available

Please share with principals, principal supervisors, and school system leaders,.

Louisiana, like the nation, faces challenges in recruitment and retention of effective, certified teachers and leaders. In Louisiana, 37% of teachers leave the profession in the first five years of teaching, and 17% of principals leave their role each year. In order for students to have successful outcomes, they need high quality teachers and leaders. Research demonstrates that work-related stress is one of the leading causes of teachers leaving the profession. The LDOE believes that investing in teachers by addressing their concerns is essential in driving school system improvement. School systems interested in taking part in a cohort created to directly address teachers' concerns should review the [LEAN Practices Overview Document](#) and complete the [LEAN Practices Cohort Interest form](#) by **September 18**. All selected participants will be notified no later than October 2. The first virtual collaborative meeting will be held October 10.
