

This is to inform the Louisiana Department of Education (LDOE) that the following local educational agencies (LEAs) intend to form a Title III Consortium for the 2018-2019 school year. Each LEA has reviewed its October 2017 English learner (ELs) counts to verify that together the consortium count will exceed the estimated threshold of 85 ELs needed to generate a minimum of \$10,000. Each LEA understands that final threshold counts will not be calculated until the LDOE receives the 2018-2019 grant award notice from the United States Department of Education.
