

The Content Leader and Mentor trainings were designed keeping in mind the knowledge and skills educators need to effectively serve in the roles. Completion of the assessment series indicates that the participants are able to demonstrate those skills.

When completing the Content Leader or Mentor Teacher assessment series, educators should take the following steps:

- Review the Distinction and Certification information for the [Content Leader](#) or [Mentor Teacher](#) training pathway
- Utilize a high-quality curriculum from the list below when planning which lesson and artifacts to submit. The Louisiana Department of Education conducted a [review of instructional materials](#) to determine the degree of alignment with state content standards to support school systems with these decisions.
