

Guidance for School Systems

- The following pages include training-specific lists of BESE-approved vendors for Mentor and Content Leader training as of October 2019. Going forward, BESE will consider applications in October and April of each year and this list will be updated to reflect new approvals.
- Starting in 2020-2021, school systems will be responsible for contacting vendors directly to arrange for training of new Mentors and Content Leaders. Contact information is provided below. Please reach out to vendors directly for more information about their training offerings and requirements.
 - Local-hosted training should be arranged directly with a vendor. Costs will vary based on the number of participants and services requested.
 - Participants in university-based training may be required to apply for admission and pay additional university fees as part of their training costs.
- For 2021-2022, all CIR-designated schools are expected to have at least one Mentor Teacher and a Content Leader in ELA, math, and K-2 Literacy. In addition, all UIR-A schools may request optional funding to train Content Leaders in Science and K-2 Literacy. Finally, starting on September 1, 2020, policy will require teachers to have earned the ancillary Mentor Teacher certificate to host an undergraduate resident or post-baccalaureate residents. There are two exceptions to this policy:
 - The Supervisor of Student Teaching certificate will allow holders to continue hosting residents until Fall of 2023.
 - The one-year, non-renewable provisional Mentor Teacher certificate will allow holders to mentor a resident while completing all ancillary certificate requirements.
- Funds allocated for 2021-2022 may be used for training with currently approved Mentor and Content Leader as well as those vendors approved in April 2021.

For more information, please contact BelieveAndPrepare@la.gov. To learn more about other vendor partnerships, visit the LDOE [Vendor Catalog](#).

Training Name: **Mentor Teacher Training**

Training Description: This training prepares local educators to become certified Mentor Teachers who will support undergraduate residents, post-baccalaureate candidates, and developing teachers in their district. Beginning September 1, 2020, Mentor Teacher certification will be required to host a resident teacher.

Mentor Teacher training focuses on improving participants' knowledge of essential content, content pedagogy, and methods to support others in their development of these concepts and skills. These following skills and knowledge are at the core of Mentor Teacher training:

- Building strong relationships with their residents/teachers
- Identifying and addressing the needs of residents/teachers based on teacher preparation competencies
- Implementing regular observation and feedback cycles to deliver resources and coaching for residents/teachers
- Tracking resident/teacher progress and facilitating self-reflection and improvement

To be eligible for certification, Mentor Teachers must also pass the training-aligned Louisiana Mentor Teacher Assessment Series.

Provider	Delivery Method	Training Offered and Cost	Contact Person
A+PEL	Online and in-person (when possible) with a combination of asynchronous, hybrid, and in-person training. Training Name: Content Leader Training

Training Description: This training prepares local educators to deliver high-quality, content-rich professional development sessions and to facilitate adult learning in their school or district.

Content Leader training provides deep knowledge of ELA, math, K-2 Literacy, and science content and content pedagogy, as well as deep analysis of a tier one curriculum. Content Leaders also develop an understanding of adult learning theory and necessary skills to facilitate high-quality learning experiences for their fellow educators. Following training, Content Leaders are also given access to 36 hours of turn-key professional development materials on which they have been trained for Delivery.

To be eligible for certification, Content Leaders must also pass the training-aligned Louisiana Content Leader Assessment Series.
