

Zearn Math Grade 5

Due to unexpected school facility closures, schools must plan to address unfinished learning gaps that will be wider than in a typical school year. To support students in math, teachers should begin the 2020-2021 school year with Unit 1 from on-grade-level curriculum. Previous grade-level skills and supports should be embedded into the on-grade-level learning throughout the school year.

[LEAP 360](#) is an optional, free high-quality assessment system that provides educators with information about student learning throughout the school year. The [LEAP 360 diagnostic assessments](#) provide school systems and school leaders, teachers, and parents a sense of whether students are prepared for grade-level content or whether they need additional support to access grade-level content.

This document provides a mapping of each LEAP 360 math diagnostic item to show the alignment to missions within the Zearn Math curriculum. LEAP 360 diagnostic mapping should be used to support teachers in identifying where students may have unfinished learning and need additional supports.

Mission	Aligned LEAP 360 Diagnostic Item(s)
Mission 1: Place Value and Decimal Fractions	8, 9, 10, 11, 12, 14, 18, 21, 25, 29, 32, 34, 36, 40, 44, 47, 49, 50, 52, 53
Mission 2: Base Ten Operations	4, 6, 7, 15, 19, 20, 26, 27, 28, 33, 41, 46, 48, 54, 56
Mission 3: Add and Subtract Fractions	2, 5, 16, 23, 37, 38, 43, 55
Mission 4: Multiply and Divide Fractions and Decimals	1, 17, 22, 24, 30, 31, 39, 42, 45
Mission 5: Volume, Area, and Shapes	None
Mission 6: The Coordinate Plane	3, 13, 35, 51
